Ok Ok OK !!! So a million apologies for last month – for a totally unknown reason the table corrupted and sorted itself out by the average ten mile night time tariff instead of the normal two mile daytime tariff. However, I have to say that I am delighted with the response to the new little table we presented as another little helpmate if you are having trouble persuading your council to give you a rise and they are not being as helpful as they might be. The little table, based on our regional tables that we print in May and October and which we keep updated on our computer during the rest of the year has already been used 14 times last month. Remember we have all your figures since 1999 and we can do a comparison, just like the Stoke figures next to these words. A very busy month this time with over 20 changes and loads more due next month. The most amazing thing this month is that Pendle, the only council that has not changed since we started the table, has had a rise, so that leaves South Northants as the laggards with no change since 2001. Remember if you are going for a rise and you would like to see your financial percentages you know where to call – **0161 280 2800 or email: npha@btconnect.com**
